For the benefit of students THE TECH will be pleased to answer all questions and obtain all possible information pertaining to any department of the College.

Contributions are requested from all undergraduates, alumni, and officers of instruction. No anonymous manuscript can be accepted.

All communications with the Alumni Department should be addressed to the Alumni Editor.

Subscription, $1.00 per year, in advance. Single copies, 5 cts.

Entered in Post-office, Boston, Mass., as Second-class Matter.

Puritan Press, Boston.

A START FOR 1907.

IF the enthusiasm showed by 1907 at their dinner last week is to be kept up until Field Day, the Juniors may be sure that their protégés will give the contest an element of excitement, at least. Their football team begins to show the results of this feeling, and the prospect of an even battle is improving. The Juniors are taking hold of the Freshmen and are instilling work into them. The Sophomores are still more or less quiescent, and the Seniors do not disturb this condition. A sudden brace will have to be taken among the followers of 1906 if their numerals are to grace the big cup. This is their last chance and they are still placing too much reliance on their relay team. One team, no matter how good, cannot win in a Field Day, and it is yet to be proved that 1906 relay team is a winner, anyhow. By this 1907 must not think that it has secured a first mortgage on cup; that is a long, long journey away yet, and there is lots of hard, steady plugging to be done before any degree of confidence will be warranted. We mean just this: 1907 is arousing itself better than 1906. They are showing a true Tech spirit, while 1906 is still showing that spirit which other colleges charge us with — apathy.

EDITORIAL.

AT the recent dinner given especially for Freshmen at the Tech Union by the House Committee, the remark was often heard, "Wouldn't Prexy revel in this crowd?" and indeed he would have thoroughly enjoyed the occasion. It is easy to picture in the imagination the expression of supreme content that he would have worn as the number of Freshmen grew and grew, until no more could be seated and scores had to be turned away.

Then again our president would have been pleased to see the enthusiasm displayed by the members of his own class, 1904, at their last meeting. It is unfortunate that he was away just as the enthusiasm, which he has been goading for four years, sprang into activity in both of these fields; but he will see it again. The class of 1907 can surely never lose the effect of its patriotic and spirited gathering of Oct. 14, and 1904 is going to leave an example to its followers which they will strive hard to emulate.

Best of greetings across the water to the champion of college spirit, Pres. Henry S. Pritchett, 1904.

OUR CANDIDATES.

IT is encouraging to note the response from the students to our call for candidates. Last Monday, copy was received from the largest bunch of candidates which THE TECH has had for years. This is the sort of thing which makes it a pleasure to conduct a college paper. In the bunch were men from all the classes, and there were but three or four whose work would not have been used at other times; as it was, much work was crowded out by the intensity of competition. While of necessity much work had to be discarded, not a man should feel that anything has been decided for or against him, and not one should think that there is not room for another to crowd past him by superior work. We are doing everything in our power to make this contest a fair one, embracing every man who has any ability and work in him. When we have seventy-five instead of thirty we will ask for no more. We have not yet found the men we want to occupy the six vacancies on the literary staff; they may be among the present candidates and they may be future ones. But it is again the old story of "the best man wins." Who the best man is, time and work will tell.

The Freshman Dinner.

The record for numbers was again broken at the Tech Union on Wednesday, Oct. 14, when two hundred Freshmen sat down to dinner, while nearly a hundred were turned away for lack of room. The largest previous number ever entertained at the Union was one hundred and ten. The spirit of the gathering was in proportion to its numbers and the general opinion seemed to be that '07 would hold the Freshman-Sophomore cup for at least a year.

Formal proceedings were inaugurated by the introduction of Norman Lombard (Junior member of the House Committee) as chairman of the evening. The Freshman-Sophomore cup was then filled with good old New England cider and passed around the tables. As each man rose to drink to the Goddess of Goodfellowship, he gave his name, class and home. Men from great distances received the greatest applause, the welcome given to one man from Russia amounting to almost an ovation.

To vary the monotony of this proceeding, as the cup reached certain of the men they were called on for remarks. G. B. Perkins, '05, spoke on THE TECH and *Technique*. He urged all men not intent on becoming grinds to cultivate some outside interest and he particularly recommended THE TECH as a broadening influence for certain reasons which he stated. As to *Technique*, '05, Mr. Perkins said that each man would be personally interviewed as to what work he could do for the college annual to help maintain it in its present position at the head of the college annuals of the country. The outline of a new scheme for rewarding the best workers by prominent mention in the book was also submitted.

E. B. Hill, '05, was the second speaker, his subject being Athletics. He very pointedly showed the men the futility of attempting to make a football team out of thirty men, and stated that at least fifty men were needed to make any showing at all against the Sophomores. He also called attention to some of the snares and pitfalls to be avoided in cup-winning.

R. A. Wentworth, '04, gave a finished and well connected exposition of Tech Show work. He called attention to the large number of Freshmen always in the Show and to the advisability of getting into it early in the college course. He pointed out that the Show took only such part of a man's time as would ordinarily be wasted and that studies would fare better as a result of the little diversion. He also made announcement of a new plan

for the election of the business management by competition and closed by mentioning some of the favorable criticism of last year's Show.

Bernard Blum, '04, was introduced as a Senior and therefore worthy of respectful attention. Mr. Blum spoke of high school insignia and pins and of the rules framed by the upper classmen in regard to them. He closed by warning the Freshmen to take any criticism by the Sophomores on this matter in good part and to cheerfully respond to their requests to remove such insignia.

Mr. Robinson of the English department was called on by popular acclammation as the originator of the idea of the dinner, and his short and terse remarks were well received.

The speeches were interspersed with songs and after the speeches the men gathered around the piano to join in on some good Tech songs. Butts, '05, being found in the room, was forced to give his solo dance from the Tech Show and Barnes sang his "Janitor's Union," '07 joining in the chorus. All of the selections from the Tech Show were sung with especial enthusiasm and were called for again and again. On the whole such enthusiastic spirit as was displayed on this occasion has rarely been equaled at Tech and never surpassed, and it certainly looks as though Tech were taking its first good look into the jovial precincts of college life.

1907 Football Schedule.

Oct. 24, Saturday: Hyde Park H. S. at Hyde Park.

Oct. 28, Wednesday: Haverhill H. S. at Haverhill.

Oct. 31, Saturday: Medford H. S. at Medford.

Nov. 4, Wednesday: Revere H. S. at Revere.

Nov. 7, Saturday: The Sophomores at Charles River Park.

The Musical Clubs.

This year the members of the Musical Clubs will have a special mark of distinction in the shape of a watch fob. This will be worn by all the members of the Glee, Banjo and Mandolin Clubs and no others. The badge is a circular disk of gold one inch in diameter; in the centre the official M. I. T. monogram shows up very prominently in Tech colors; parallel to each of the three sides of the monogram are the words Glee, Banjo and Mandolin in raised gold of the old English type. The men who go out for the musical end of Tech work hard and certainly deserve this mark of recognition just as much as the athletes, who are known to the student body by the sweaters and caps worn. The idea is a good one and worthy of copy among other Tech organizations.

Musically, the clubs are showing up very well this year. The Glee Club had an unusually large number of applications and promises to come up to the standard of past years. The Banjo and Mandolin Clubs are at work, and when the first concert of the year is given at Marblehead Tech will be well represented. The annual winter concert will probably be given some time in December.

1906 Class Nominations.

THE TECH is now able to publish a full list of the Sophomore Class nominations: President, F. E. Dixon, J. W. Williams, Jr., Wm. J. Knapp, Joseph T. Lawton, Jr. Vice-president, M. A. Coe, A. W. Geist, Wm. A. Redding, Jr. Secretary, H. E. Darling, A. P. Mathesius, W. B. Wyman. Treasurer, A. W. Keliher, W. H. Trask. Institute Committee, C. F. W. Wetterer, Ernest M. Smith, J. A. Kane, P. J. Kennedy, F. B. Guest, George A. Wall, J. E. Simmons. Executive Committee, H. J. Mann, L. G. Blodgett, C. E. Johnston, G. C. Simpson, J. T. Johnston, Jr., C. E. Howes.

General Athletics.

At this time of year Tech presents a picture of unusual athletic activity, with men at work for the six class teams, the Cross Country Team and training for the FALL HANDICAP GAMES.

The Cross Country Team has a good sized squad at work every day, and more will probably join the squad after the fall games; but as we are to send a team to the Intercollegiate Cross Country Run this year, every man with the slightest running ability should come out and enable a winning team to be developed. Mr. Mahan will coach all candidates, and the training will be invaluable to all men intending to try for the distance runs on the track team next spring. The squad reports at the Oval every day at four.

On Wednesday, Thursday and Friday of this week the FALL HANDICAP GAMES will take place on the Tech Oval on Irvington St. The time for training has been so short that no records are likely to fall, but the games afford a test of each man's ability impossible to obtain in practice. The games every day will start promptly at 4.15. Silver and bronze medals will be awarded winners of first and second place in each event. Events and entries follow:

Technology Club.

THE annual meeting of the Technology Club was held Thursday, Oct. 13. Reports from the secretary and treasurer showed a growth over former years. The financial condition is now such as to warrant the employment of a cashier, so that now members will not be required to "cash in" each time, before leaving, as heretofore, but may run monthly accounts. The members can materially aid the club by patronizing it as much as possible. The following officers were elected for the ensuing year:

President, James Phinney Munroe, '82; vice-president, Francis Henry Williams, '73; secretary, Walter Humphreys, '97; treasurer, Seth King Humphrey, '97.

For the Council for three years: Arthur Tisdale Bradlee, '88, Howard Lincoln Coburn, '87, Arthur Daniel Fuller, '95, Walter Harrington Kilham, '89, Frederick William Freeman, '01.

A smoke talk followed the business meeting, Mr. Samuel Cabot,'70, speaking on the subject, "A Word Upon Ciphers to Those Who Dare Investigate." After showing the purposes, methods and prevalency of its use in the Elizabethian period, he gave a few startling examples from Shakespeare, bringing out the fact that the real author was Francis Bacon.

Senior Class Meeting.

The meeting was called to order by President Smith. After the reading of the minutes and the report of the treasurer, showing a balance on hand of $85.12, the president urged a little more enthusiasm over the class elections and announced that a dinner would be given at the Union (tickets 50 cents) on the night of the elections, at which dinner the results of the elections would be announced. The date was set Oct. 27, but at the suggestion of Mr. Holcomb that the M. E. Society had already arranged a meeting for that evening, the day was changed, although the new date was not decided. Mr. Eager, chairman of the Dinner Committee, confirmed the president's statement and added that a few more novelties were in preparation.

Mr. Bouscaren addressed the meeting briefly on the honor system, and seemed hopeful of its adoption; Mr. Rockwood proposed renewing the discussion of the question of abolishing, for the Seniors, the June finals.

A committee was proposed, but the president disposed of the matter by deciding to leave the question to the next class officers.

Besides these matters, $25 was voted to *Technique, 1904;* 1904 was exhorted to stir up the Sophomores about Field Day, and the beginning of Saturday night dinners was announced.

The Freshman Football Team.

The 1907 Football Team has met with but limited success during the past week. The game played last Wednesday against the Newton High School resulted in a score of 15 to 4 in favor of the High School boys, while that played at Lawrence last Saturday was a tie, 0-0.

The 1907 team is woefully lacking in team work. There is altogether too much individual playing. When the team is on the field there are eleven men playing as individuals, but not eleven men playing as a team. Now this lack of team work is a serious drawback to the team's success, and unless it is eliminated, and that very soon, the prospects of defeating '06 are slim indeed.

This fault is probably due to the fact that no captain has as yet been elected. When the team goes on the field, it is without a head. There is no one to run it. This was especially noticeable in last Saturday's game. Every player did as he pleased, and the temporary captain appointed for that day *allowed* them to do as they pleased.

Another noticeable fault was the lack of ginger. The men failed to get into the spirit of the game. They allowed their lighter opponents to walk all over them until their goal was in danger, and then only did they exert themselves. For at least three downs they held the Lawrence team on their five-yard line, showing that the line could hold if the men would only make an effort. The line is fairly heavy, but many more pounds could be added if a few more of the heavier men of the class would only come out. Of the seven hundred Freshmen there ought to be more than thirty who have had football experience, and even if they have not had experience, let them come out and do what they can. If they are not successful in making the team this year, they stand a good chance, at least, of making it next. There ought to be at least sixty or seventy men out for the team to secure that rivalry for positions which is so essential to the team's success. Only about two more weeks remain before Field Day, so all new men should come out every night and practice hard, and at least help your team to make a creditable showing on Nov. 7.

The following is a list of present candidates:

Left Ends: Merwin, Middleton, Peabody, Sage.
Left Tackles: Rood, Stowe, Hall.
Left Guards: Griffin, Brotherlin.
Centre: Morton.
Right Guard: Davenport.
Right Tackles: Williams, Howe, Allen.
Right Ends: Chapman, Trouerman, Kann, Griffing.
Quarter Backs: Langenheim, Rand, Reyburn, Upton.
Left Half Backs: Sargent, Tetlow.
Right Half Backs: Mulcare, Quinlan.
Full Backs: Prendergast, Hallet, Zoutrel.

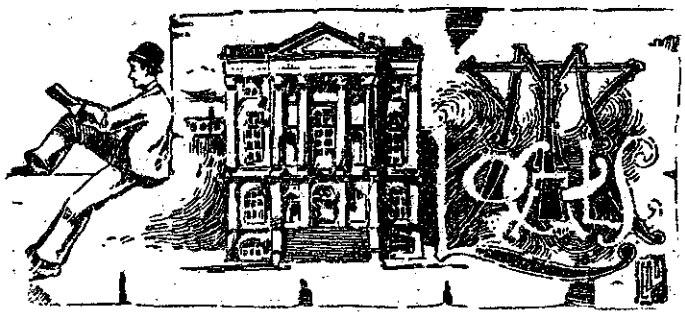
Civil Engineering Society.

The first meeting for the ensuing year of the Civil Engineering Society was held Tuesday afternoon in Room 11, Eng. B. After the reading of the secretary's report, Professor Swain, head of the department of civil engineering, gave an interesting talk on "The Opportunities of a Civil Engineer." This was the first of a series of talks to be given by prominent speakers.

Membership in the Society is open to Courses I. and XI., and all members of those courses should join at once.

'03 Alumni Notice.

SPECIAL NOTICE.—The Class of '03 is to hold its first informal reunion at "The Union" on the evening of Nov. 6, at 6.30 P.M. A light supper will be served, the price of which will be reserved until after the ceremony. On the following day the class is to attend Field Day to give hearty support to '07. No further notice of this reunion is to be given.



The resignation of Waldso Turner and C. W. Johnston from the Business Department of THE TECH was accepted. Miguel Ahumada was elected to the Business Managership.

H. R. McGrath is to coach the 1906 Relay Team.

More first and second tenors are wanted in the Glee Club.

President Pritchett was elected one of the vice-presidents of Massachusetts Schoolmasters' Club.

Professor J. O. Sumner was elected president of the New England History Teachers, Association at its meeting held last week.

W. L. Woodward, '07, was elected manager of his class football team and not captain, as previously reported.

The first school for non-commissioned officers was held last Saturday, after Military Science lecture. Between sixty and seventy were present.

Men wishing to try for the Freshman Orchestra should leave their names at the "Cage" for Moody, '07. A dozen or more have responded already.

The 1906 Football Team is still badly handicapped by lack of material. The men have been coached by Mr. Storey of Harvard, but are far from championship form at present. By hard and consistent work a team may be turned out, but from an observer's point of view there are now only eleven men playing rather poor football.

The attention of all candidates for the Sophomore Relay Team is called to the fact that they are requested to report to Trainer McGrath or Captain Mann daily at the gymnasium, between 4 and 5 o'clock. All information in regard to this team can be obtained from Mr. McGrath or Captain Mann at the gymnasium, between 4 and 5 P.M. daily.

Candidates generally may see the Editor-in-Chief any morning from 8.35 to 9, and Wednesday, Thursday and Friday from 1.30 to 2, at THE TECH Office Room, 30 Rogers. Copy is due there Saturdays and Mondays at 9. Write on one side of the paper in ink and put name in upper left-hand corner of each sheet. Bring copy in person when possible.

The second meeting of the Chess Club was held Saturday afternoon at the Tech Union. The following officers were elected for the ensuing year: President, H. M. Edmunds, '05; vice-president and business manager, W. I. Lowrie, '06; secretary and treasurer, I. Niditch, '05; additional members of Executive Committee, G. Hill, '04, and F. J. Van Hook, '06.

Entries for the Fall Tennis Tournament closed at 4 P.M. Friday, and on Saturday drawings were posted showing the order of competition for the entire tournament. Four prizes will be awarded, a first and second in the singles, and a first to each of the two winners in the doubles. Twenty-four men entered for the singles, and nine pairs for the doubles.

A meeting of the Class of 1907 was held in Huntington Hall on Saturday the 17th, at 12 o'clock, to consider the adoption of a constitution. The constitution was first read as drawn up by the committee. Then followed a discussion on the clause, "A quorum shall consist of those present," some thinking it better to set a definite minimum. It was finally decided to leave this clause as it stood. With this addition, the constitution was unanimously adopted. The meeting was poorly attended.

'03. H. M. Hickok, I., is in Tennessee on the L. & N. R.R.

'03. R. V. Cook, I., is with the Chicago & Alton Railway at Bloomington, Ill.

'03. H. C. Crowell, I., is in Chicago on track elevation of the "Pan Handle," Penn. Lines West of Pittsburg.

'03. E. E. Lockridge, XI., is the engineer in charge of the Experimental Filter Station of the city of Springfield, Mass. With him are associated C. P. Nibecker, XI., as assistant engineer, and S. K. Baker, XI., as "asst." engineer and chemist.

'03. C. L. Bates, I., is in Maintenance of Way Dept. of the Chicago & Northwestern Ry., at Escanaba, Mich.

'03. F. G. Cox, II., is with the engineering department of the Ohio Elevator Co., New York, N. Y.

'03. W. W. Burnham, XI., is in the employ of the Mass. State Board of Health in the engineering department.

'03. J. A. Cushman, I., is with the Metropolitan Water and Sewerage Board and is at present located at Clinton, Mass., on the Wachusett Reservoir.

'03. E. G. Goodwin, III., is with the Smuggler-Union Mining Company at Telluride, Col.

'03. C. B. Cox, I., is with the Hydrographic Division of the U. S. Geological Survey. A. E. Place and S. G. Porter, I., are also in the same department, the former in Shelby, Montana, and the latter at Roswell, New Mexico. L. Schlemn, ex-'03, I., has returned to the Institute to complete his course.

'03. J. M. Smith, I., is with the P. R.R. at Altoona, Pa.

'03. L. L. Hunter, I., is in charge of a resurvey of a branch line from Columbus to Sandusky, Penna. Co.

'03. G. D. Wilson, I., is located at 44 Mitchell Building, Cincinnati, O., with the Ferro-Concrete Construction Co.

'03. G. B. Wood, II., spent the summer at Halifax, N. S., installing a small stock of coal-gas benches of thirty-six retorts.

'03. S. Y. Ball, I., intends to go into partnership with his father in a large jewelry business in Cincinnati.

'03. O. P. Scudder, XIII., is in Buffalo, N. Y., with the Crosby Steel Stamping Co.

'03. C. P. Mulherin, I., is with the Pencord Bridge Co., at Philadelphia.

'03. F. D. Hayden, is with the Penna. Lines, West of Pittsburg., in the M. of W. Dept. of the Southwest System. Hayden was married directly after Commencement and is therefore the holder of the class record in this respect. All disputants to his claim should present their arguments before Christmas time.

'03. M .Y. Ferris and F. W. Davis, I., are in the M. of W. Dept., E. & A. Division of the Penna. Line West of Pittsburg, with headquarters at Newcastle, Pa.

'03. F. Johnson, I., is with the P. R.R. at Buffalo and Huse is at Toledo, O., in the M. of W. Dept., of the Penna. Co.

Swett, Ruxton, Morse, Howard, Ferry, Copeland, W. H. Adams, Low, Laughlin, W. R. Davis, Yerxa, Osborn, Fitzler, Fales, Gammon, and possibly a few others not yet located, are back at the Institute as assistants in their respective courses.

THOMAS BELL WATSON.

WHEREAS: In the death of Thomas Bell Watson the Class of 1906 has lost a beloved and esteemed member, be it

Resolved: That we, his classmates, hereby express our deep sense of sorrow at the sudden end of his so promising career, and be it further

Resolved: That we extend our sincere sympathy to his family in their bereavement, and be it also

Resolved: That a copy of these resolutions be sent to his family, published in THE TECH and spread upon the class records.

For the Class of 1906,

S. ROGERS SPINNEY,
CARLTON M. SOULE,
ROBERT HOWE.

N. E. I. Golf Association.

The first annual tournament of the New England Intercollegiate Golf Association was held on the links of the Wannamoisett Club of Providence, last week.

As the teams from Bowdoin and Williams could not be present, Amherst, Brown and M. I. T. played a Round Robin.

The system of scoring was one point for the match, plus one-half the number of holes.

BROWN		*vs.*	AMHERST	
Meren	3½	Anderson		0
Davis	0	Jones		1½
Mason	3	Hale		0
Jones	2½	Clark		0
Jones	0	Warren		1½
	9			3

AMHERST		*vs.*	M. I. T.	
Anderson	0	Hubbell		0
Jones	0	Krag		2½
Hale	0	Williams		6½
Clark	0	Hastings		2
Warren	0	Emery		2
	0			13

BROWN		*vs.*	M. I. T.	
Meren	4½	Hubbell		0
Davis	3½	Krag		0
Mason	0	Williams		2½
Jones	4	Hastings		0
Jones	0	Emery		2
	12			4½

Total, Brown, 21; M. I. T., 17½; Amherst, 3.

On Friday and Saturday the individual tournament was held, Anderson of Amherst winning, defeating Meren of Brown in finals.

Silver cups were presented for both team and individual championship, said cups to be held by the college of winners.

Each member of winning team receives a small medal, and a small cup was awarded the individual champion as his permanent trophy.

Cups to become property of college must be won three times.

'07 Tug-of-War.

A meeting of the candidates for the Freshman Tug-of-War Team was held in Room 11, Rogers, on Friday, Oct. 16. The meeting was called to order by President Otis of 1907, who introduced Mr. Amberg, manager of the 1905 Tug-of-War Team. Mr. Amberg spoke to the men present on the necessity of getting out a large number of candidates and of starting training at once. H. S. Wonson was elected temporary manager of the team and as there were only sixteen candidates present there is plenty of work for him to do in getting out others.

Tech House.

Tech men who are interested in any form of social service, or who are desirous of becoming acquainted with settlement work, are afforded unusual opportunities at Tech House, which is located in the 17th ward of the city of Boston.

This new house is situated in the centre of an industrial district where men and women from the factories are working out their lives. Men who can take a class in anything, from penmanship to engineering, or who can spend an occasional hour with a group club of small boys will do well to send their names to R. N. Whitcomb, "The Cage."

Calendar.

THURSDAY, OCT. 22.

4.15 P.M. M. I. T. A. A. HANDICAP MEET on Tech Oval. ½-mile run; running broad jump; pole vault; 80-yard low hurdles.

FRIDAY, OCT. 23.

1-1.30 P.M. 1906 BALLOTS may be obtained at the old "Cage" window.

4.15 P.M. 2-mile run; 75-yard dash; ¼-mile run; 16-lb. hammer and discus.

7.00 P.M. FRESHMAN ORCHESTRA at Union.

SATURDAY, OCT. 24.

1.00 P.M. 1906 BALLOTS for Election of Class Officers, 1903-1904, must be returned.

2.07 P.M. HARE AND HOUNDS Meet at Trinity Place Station for Wellesley Farms.

3.00 P.M. 1907 *vs.* HYDE PARK at Hyde Park.

6.00 P.M. REGULAR INFORMAL DINNER at Union. Tickets 25 cents, from Mr. Powers.

SUNDAY, OCT. 25.

7.30 P.M. SECOND ANNUAL SERVICE for Men Students, at Emmanuel Church, 15 Newbury Street. "The Responsibilities of Educated Men."

MONDAY, OCT. 26.

SECOND ROUND in Tennis-Tournament must be reported at "Cage" to Langley, Hazeltine or Niles.

TUESDAY, OCT. 27.

8.00 P.M. MECHANICAL ENGINEERING SOCIETY at Tech Union.

WEDNESDAY, OCT. 28.

2.00 P.M. FRESHMAN FOOTBALL SQUAD meet at Lynn.

6.00 P.M. 1904 DINNER AT UNION.

MONDAY, NOV. 9.

TECHNIQUE ART EDITOR COMPETITION closes. See *Technique* bulletin.

Electrical Engineering Society.

A meeting of the Electrical Engineering Society was held in Room 28, Lowell, at 1.15, Saturday, Oct. 17. The attention of all Course VI. men is called to the fact that in order to obtain low rates on Foster's Hand Book one hundred orders must be placed. The Executive Committee, which will handle all books which members decide they want at the reduced rate, has not been able to obtain all of the one hundred orders, and there are still several to get, in order to complete the requisite number of copies. Following is a list of members elected to the society:

Honorary — M. C. Page, M. Ferry, Dr. Jewett, C. H. Porter, G. H. Clarke.

Actives Elected — W. V. Lyons, P. J. Kearney, R. F. Gale, J. F. Chesterman, H. P. Charlesworth, J. Barnes, H. P. Siebright, H. G. Stetson, C. W. Babcock, J. Davis, Jr.

Geological Journal Club.

At the meeting of the Geological Journal Club, held on Oct. 14, the following reviews were read: I. E. Adams — "Ueber das Asphalt Vorkmman von Ragusa Sizilien;" J. T. Glidden — "Synthesis of Chalcocite from Butte, Montana;" B. L. Johnson — "Topographic Surveys of Massachusetts, New Jersey and Ohio;" P. M. Paine — "Clastic Dikes;" Dr. C. H. Warren — "Recent Mineralogical Articles."

The program for the meeting Oct. 21 was as follows: C. H. Clapp — "The Main Losses of the Lower Wabash Valley;" W. L. Spaulding — "The Mineral Resources of the United States;" J. Daniels — "Was Man in America During the Glacial Period?" H. A. Buff — "Mont Pelee."

These meetings are held for the purpose of becoming familiar with the latest literature in geology, and to discuss practical questions relating to mining. Meetings will be held every Wednesday at 4.15 in the geological department rooms, and a cordial invitation is extended to all interested.

Mechanical Engineering Society.

The first meeting of the Society will be held Tuesday, Oct. 27, at the Tech Union. Mr. F. W. Dean, M. E., will speak on general topics of special interest to engineers. Mr. Dean is well known as an investigator in steam engineering, so his remarks will be of particular interest to students as coming from a man of wide practical experience.

The president of the Society, Mr. E. O. Hiller, '04, will also speak on the objects of the Society and the general program for the year, so all members, and those desiring to become members, should make a point of being on hand. All in Courses II. and X., Seniors and Juniors, are eligible for membership, and are cordially invited to be present at the first meeting.

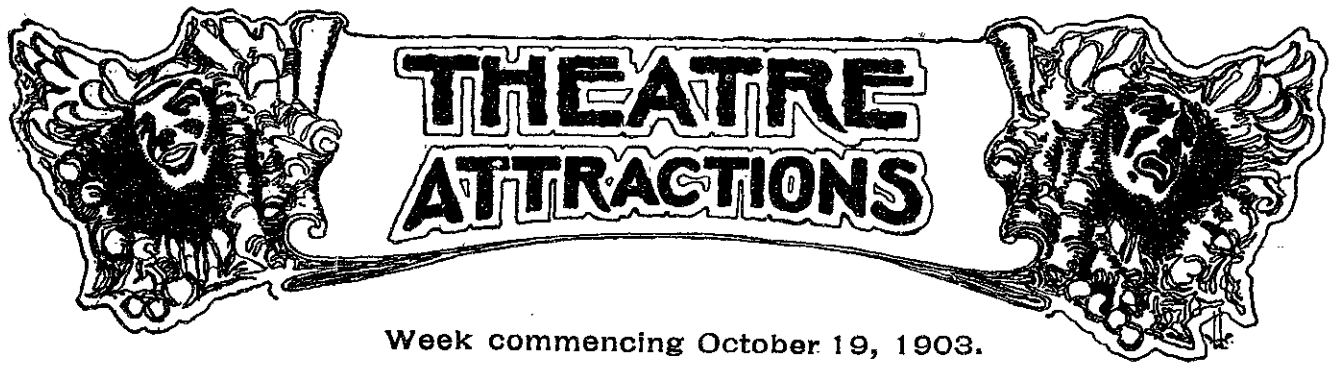
Agent for Cambridge Laundry. Work called for and delivered promptly.

A. COHEN, Men's Outfitters

329 COLUMBUS AVENUE

Telephone Tremont 914-3.



Week commencing October 19, 1903.

Tremont Theatre. — Grand Opera in English Monday and Friday evenings, also Wednesday matinee, "Tosca." Tuesday and Thursday evenings, also Saturday matinee, "Carmen." Wednesday and Saturday evenings, "Lucia di Lammermoor and Cavalleria Rusticana."

Majestic Theatre. — Kirke La Shelle production of Owen Wister's fascinating American romance, "The Virginian," will end this week. Next week, Lawrance D'Orsay in "The Earl of Pawtucket."

Colonial Theatre. — Limited engagement of Frank Daniels in "The Office Boy." Handsome costumes, elaborate and artistic stage settings, tuneful music and bewitching maidens, will greet the audiences at the Colonial during this engagement.

Hollis Street Theatre. — Forbes Robertson and Gertrude Elliott will open a two weeks' engagement at this playhouse in Rudyard Kipling's "The Light That Failed." Only matinee Saturday.

Globe Theatre. — Last week of Charles Dickman in "Captain Barrington." This new American play has already found a place among the biggest successes of the year.

Park Theatre. — Second week of Annie Russell in "Mice and Men." The whole atmosphere of the play is refreshing, and there is hardly a dull moment during the entire four acts.

Columbia Theatre. — Fay Templeton and the original New York cast present "The Runaways" for a limited engagement. This already popular opera scores the same success in Boston as elsewhere.

Castle Square Theatre. — "Sowing the Wind" is being presented by the regular company this week. Next week, "The Cowboy and the Lady."
